Housing briefing, February 2022
LGPS Day webinar – 31 March 2022

First Actuarial's Housing Team is holding a webinar at 11am on 31 March 2022 (LGPS Day) to discuss a number of topical pension areas, focusing on year-end accounting and the Local Government Pension Scheme (LGPS).

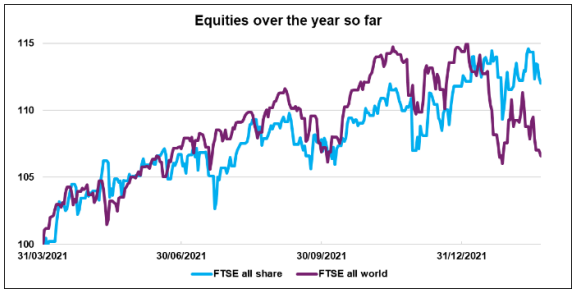

What will we cover?

Our webinar will take you through expectations for year-end accounting, the outlook for the latest LGPS actuarial valuation, ways to exit the LGPS and a summary of other hot pension topics.

Accounting expectations

Balance sheet positions are impacted by changes in both assets and the liabilities.

The year-end **asset value** is at risk of impact from market shock. The Covid-19 pandemic has obviously affected asset prices and there is a great deal of uncertainty around the developing situation in Eastern Europe.

The **value placed on liabilities** is driven by bond yields, future expectations of inflation and life expectancy.

We will take a look at each of these aspects and expectations for the accounting year-end.

LGPS valuation outlook

We will consider the outlook for the latest LGPS funding valuation, which will drive employer contributions for the next three years. Results are expected in late summer/early autumn. We will also outline the measures executive teams and boards can take to prepare.

Planning for LGPS exit – DDAs

Deferred Debt Agreements (DDAs) have sparked a great deal of interest and action from housing associations. We will share our experiences of negotiating and executing DDAs.

And more…

…such as supporting your workforce on pensions.

To book your place on our LGPS Day webinar, please **visit our LGPS event page**.

First Actuarial's webinar will be presented by:

Dale Walmsley (Manchester)
